Hiring Manager
Grepsr Pvt. Ltd.
Kathmandu, Nepal

Subject: Application for Full Stack Trainee Position

Dear Hiring Manager,

I am writing to express my interest in the Full Stack Trainee position at Grepsr Pvt. Ltd. With a strong foundation in computer science and hands-on experience in web development, I am eager to contribute to your team while learning from experienced engineers to build scalable software solutions.

During my academic projects and internships, I have gained practical React and core web technologies (HTML, CSS, JavaScript). I have implemented both front-end interfaces and backend logic, applying Object-Oriented Programming principles to ensure clean, maintainable code. I am particularly drawn to Grepsr's focus on high-quality data acquisition and complex use cases, as I am motivated by solving technical challenges and building systems that impact real-world business processes.

I am confident in my ability to assist in API development, frontend implementation, database management, and integrations, while also actively learning best practices for high-volume data handling and system optimization. My collaborative mindset and eagerness to learn new technologies quickly align well with Grepsr's growth-focused and values-driven environment.

Joining Grepsr would be an exciting opportunity to apply my skills in a professional setting, contribute to impactful projects, and grow as a software engineer under the mentorship of seasoned professionals. I am enthusiastic about the chance to help build innovative solutions and uphold the company's reputation for technical excellence and quality.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and passion align with the goals of Grepsr.

Sincerely,
Simanka Paudel
